A solid grey number 3 with a small circle at the top left and a curved arrow labeled '1' indicating the stroke direction.	A dashed grey number 3 for tracing.	A dashed grey number 3 for tracing.	A solid grey number 4 with a small circle at the top and a downward arrow labeled '1', and a second small circle on the left side with an upward arrow labeled '2' indicating the second stroke direction.	A dashed grey number 4 for tracing.	A dashed grey number 4 for tracing.
---	-------------------------------------	-------------------------------------	--	-------------------------------------	-------------------------------------

A solid grey number 5 with a small circle at the top left and a downward arrow labeled '1', and a second small circle at the top right with a rightward arrow labeled '2' indicating the second stroke direction.	A dashed grey number 5 for tracing.	A dashed grey number 5 for tracing.	A solid grey number 6 with a small circle at the top left and a curved arrow labeled '1' indicating the stroke direction.	A dashed grey number 6 for tracing.	A dashed grey number 6 for tracing.
---	-------------------------------------	-------------------------------------	---	-------------------------------------	-------------------------------------

A solid grey number 7 with a small circle at the top left and a rightward arrow labeled '1' indicating the stroke direction.	A dashed grey number 7 for tracing.	A dashed grey number 7 for tracing.	A solid grey number 8 with a small circle at the top left and a curved arrow labeled '1' indicating the stroke direction.	A dashed grey number 8 for tracing.	A dashed grey number 8 for tracing.
--	-------------------------------------	-------------------------------------	---	-------------------------------------	-------------------------------------

A solid grey number 9 with a small circle at the top left and a curved arrow labeled '1' indicating the stroke direction.	A dashed grey number 9 for tracing.	A dashed grey number 9 for tracing.	A solid grey number 10 with a small circle at the top left and a downward arrow labeled '1', and a second small circle at the top right and a curved arrow labeled '1' indicating the stroke direction for the zero.	A dashed grey number 10 for tracing.	A dashed grey number 10 for tracing.
